

# 7-Day ADV Ride Plan – Sweden

TET Backbone + Stegra Detours

Designed for maximum offroad riding with efficient daily progress.

## Concept

Morning = Stegra detours (real riding)

Afternoon (~14:00) = TET (transport)

We do NOT follow TET strictly.

We use it only when it makes sense.

Pitch:

“We ride the fun stuff when energy is high, then use TET to move efficiently later.”

## Day 1 – Transport North

|       |                              |
|-------|------------------------------|
| Route | Malmö → Jönköping → Karlstad |
| Type  | Transport (asphalt)          |

Fast highway push north.

Skip southern TET completely.

Goal:

- Reach good terrain quickly
- Save energy for real riding

Sleep: Karlstad / west

## Day 2 – Enter Värmland

|       |                   |
|-------|-------------------|
| Route | Karlstad → Arvika |
| Type  | Riding day        |

Morning:

- Stegra only
- Forest roads west of Karlstad

Afternoon:

- Light TET positioning

Goal:

- Enter best ADV terrain

Sleep: Arvika / Glaskogen

## Day 3 – Värmland Deep Ride

|       |                      |
|-------|----------------------|
| Route | Arvika → border loop |
| Type  | Full riding          |

Morning:  
- Stegra loops  
- Lake-to-lake

Afternoon:  
- Minimal TET

Focus:  
- Small roads  
- Avoid straight gravel

Sleep: Wild camp

## Day 4 – Border Riding

|       |                 |
|-------|-----------------|
| Route | Arvika → Torsby |
| Type  | Riding day      |

Morning:  
- Stegra (elevation)

Optional:  
- Norway detour

Afternoon:  
- TET transport

Sleep: Torsby

## Day 5 – Transport Day

|       |                         |
|-------|-------------------------|
| Route | Torsby → east/northeast |
| Type  | TET transport           |

Morning:  
- Short Stegra session

Rest:  
- Mostly TET

Goal:

- Reposition
- Lower navigation stress

## Day 6 – Southbound Detours

|       |                      |
|-------|----------------------|
| Route | Inland forests south |
| Type  | Full detour day      |

Morning:

- Stegra only

Afternoon:

- Optional TET

Rule:

- Avoid straight lines
- Choose smallest roads

Sleep: Småland

## Day 7 – Return

|       |                 |
|-------|-----------------|
| Route | Småland → Malmö |
| Type  | Mixed           |

Morning:

- Final detours

Afternoon:

- Gravel/asphalt home

Goal:

- Smooth finish

## Riding Rules

Use Stegra with unpaved preference.  
Always drag route OFF main roads.

Look for:

- Curvy roads
- Dense forest grids

Avoid:

- Long straight gravel roads

## **Logistics**

Fuel every 150–200 km.

Fuel widely available except deep forest.

Wild camping allowed throughout Sweden.

## **Summary**

This plan balances:

- Real offroad riding
- Efficient daily movement

We maximize fun without getting stuck or wasting time on boring gravel highways.
